

Hello and thank you for taking the time to review our Simple Business Builders line of custom printed products designed to make your marketing decisions easier and more affordable.

This offering of our Best Selling Marketing Products at Exceptional Prices addresses the key pieces in marketing your business. As your Marketing Partner we can expand well beyond this core offering to help you create a marketing plan that exceeds your goals.

As with all good things there are a few rules to the Simple Business Builder program. In order to keep the pricing as affordable as possible we cannot deviate from these basic components, so please keep them in mind when planning your order.

- **Turnaround** – most products have a 5-7 business day production timeline, a few have 10 days. Production time always begins at the approval of the final art to be printed. We do have options to produce all of these products faster, but rush charges will apply.
- **Design Service** – all of the product prices are based on having a properly formatted digital file of the art for the project. In most instances, a print-ready PDF with bleeds is an acceptable format. If you cannot provide a print-ready digital file we can assist in the design and layout of your message at additional cost. We suggest that investing in a well-designed message is the best investment you can make in this process. The cost of printing an excellent message is the same as printing a mediocre message. Also, exact reorders will have no set-up cost, so pay for a great design once and reprint it forever.
- **Terms** – all products are to be paid for at the time of order. The aggressive price points at which these products are offered does not allow us to extend terms. For your convenience we offer VISA, MasterCard, Discover, American Express, company checks or cash.
- **Delivery** – These items are not included in our free delivery program but they can be picked up at our convenient location.

We hope you see the value of the Simple Business Builder products for your business and we look forward to working with you on your next project!
